

COLD WATER WASHER

REAR LOADING CONTAINER CLEANING

Our superb rear-loading container washer uses cold water efficiently to clean bins and containers. Rotating heads and a fixed nozzle bar deliver high pressure water spray to clean inside and outside. The container washer is compatible with bins ranging from 80 to 390 liters, flat cover containers with capacities from 500 to 1200 liters.

PUMP PERFORMANCE

(122 l/min @ 120 bar).

DRIVE

Hydrostatic transmission.

FINISHING

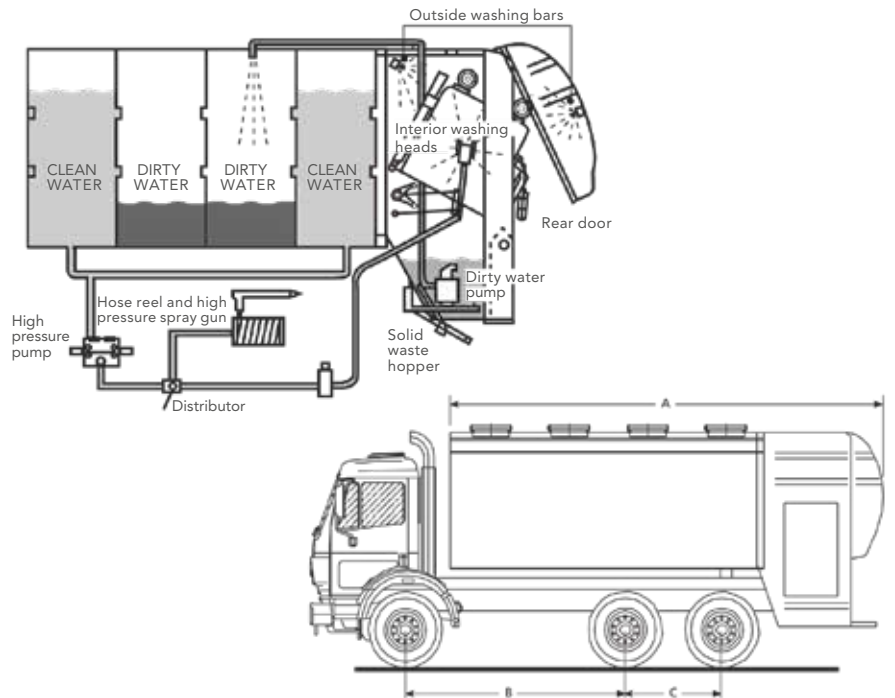

Interior: protected with a special epoxy-resin treatment.

Exterior: primer coat and high quality white polyurethane finish.

WASHING EQUIPMENT

	Cold water
Alternative operating heads	Optional
15 meter hose reel and spray gun	Optional
Sprinkling and flushing equipment	Optional
Detergent dosage equipment	Optional

MATERIALS

	Cold water
Tank	304 grade stainless steel
Hopper	Stainless steel
Lifter	Stainless steel
